In the 70's he bought the estate of Manachiara, in the East side of Montalcino. The estate has always been managed with enthusiasm and dedication by the Nardi family who has pursued their commitment to quality and investment in research while maintaining its farm characteristics.

WHAT HAPPENED IN 2018?

Winter characterized by average rainfall and some snow, which made up for the considerable lack of water. The year began with temperatures above the seasonal average, which lasted until the end of February. Frequent and abundant rainfall in May, accompanied by high temperatures, allowed optimal vegetative development. Flowering began at the end of the month. Thanks to the significant humidity accumulated in the soil, the vineyards were able to withstand the high temperatures of June and July. Fruit setting was completed by mid-June. There was a slight delay in veraison. Temperatures fell significantly in the last few days of August. This led to uneven ripening, but then the limited amount of rain on the grapes guaranteed good ripening.

WHAT DOES IT TASTE LIKE?

Straw yellow in colour with golden highlights. The nose on this wine is classic muscat and strong ripe fruit aroma of apricot, peach and pineapple, supplemented by pleasant spicy and nutty overtones. Velvet-smooth and enfolding in the mouth, it is extremely soft, round and gracefully contoured. Excellent structure and nose-palate length.

WHAT TO DRINK IT WITH?

Dried pastry and sweets, cheeses.
